

Coorest is a complete ecosystem of secure and reliable solutions, which bridge the gap between the real and digital world:

CRST Tokens

Utility tokens that will have in-game uses and allow their holders to influence how the Coorest Platform is run and receive additional rewards.

Wildlife Tokenization

Own a wildlife NFT - get proof of life for each animal. The profit from these tokens will be used for the preservation of animals with Coorest's unique proof of life concept.

NovaTerra

A Play-to-earn Metaverse game. Players can buy plots of land to farm and cooperate in order to earn \$CCO2 tokens and farm NFTs.

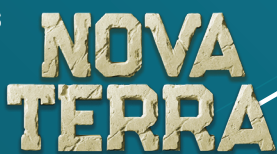

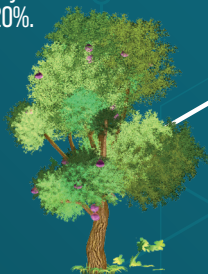

Fig NFTree

NFT that produces figs and CO2 tokens! Fruit-bearing NFTrees yield a reward of roughly 20%.

My Coorest Tree

A Play-to-earn mobile game. Plant, Grow, Harvest and Repeat. Take regular care of the tree to earn CCO2 tokens. Sell your tokens on the DEX.

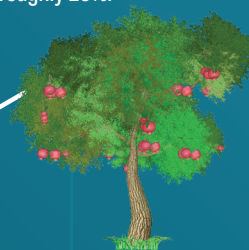

Forest NFTree

Each NFTree is linked to 10 trees that absorb a total of 250kg CO2. Holders receive the CO2 equivalent in CCO2 tokens - sell, trade or burn.

Pomegranate NFTree

NFT that produces pomegranates and CO2 tokens! Fruit-bearing NFTrees yield a reward of roughly 20%.

CCO2 Tokens

CO2 tokens that can sold on DEX or burned to compensate carbon emissions - get a certified PoCC certificates in return.
